Senior Award Winners

Rick Friedmann Memorial Senior Achievement Scholarship

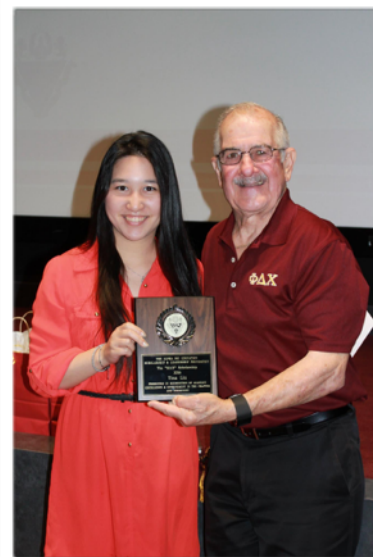

By Cynthia Liu ('17)

The recipient of this year's Rick Friedmann Memorial Senior Achievement Scholarship is Dr. Joseph Kim ('16). This \$500 award is given to a graduating senior with high scholastic ability and is actively involved in both the School of Pharmacy and the fraternity. During his academic years, Dr. Kim served as the APhA-ASP Vice President of Communications, director of The Gleason Project, and project manager for AIMRx. Currently, Dr. Kim is employed as a graduate intern at Santa Barbara Cottage Hospital and will practice as a staff pharmacist upon completion of the CPJE and NAPLEX, both of which were covered by the generous award. Dr. Kim has shown remarkable dedication and leadership and will continue to be a great role model to others. "I'm humbled to have been chosen to receive this recognition. It was an honor to have served the school of pharmacy, the fraternity, and my brothers."

MAX Scholarship

By Tina Le ('14)

This year's recipient of the \$500 MAX Scholarship is Tina Liu ('16). This scholarship honors a graduating senior for his or her academic excellence, and involvement in the community and fraternity. Tina actively served as a co-chair for the VNCARES committee for 2 years during pharmacy school, in addition to participating in the Medicare Part D class and events. She also served as Alpha Psi's Worthy Prelate during the 2014-2015 school year. Her involvement earned her membership in the Phi Lambda Sigma Pharmacy Leadership Society. After graduation, Tina will be studying for her NAPLEX and CPJE exams. She hopes to stay involved to mentor and precept students in the future. Good luck Tina!

Ivan W. Rowland Memorial Outstanding Senior Scholarship

By Lanni Lam ('20)

This year's Ivan W. Rowland Memorial Outstanding Senior Scholarship was awarded to Jamie Encarnacion ('16) for her outstanding service to the Alpha Psi chapter during the active years of her membership. Following graduation and in her first year of residency, Jamie's undying dedication to the field of pharmacy has led to her participation in a teaching program at Touro University California in order to become an adjunct faculty by the end of her residency. She is currently striving to begin her involvement with the Diablo chapter of the California Society of Health-System Pharmacists and is looking forward to working with the Alpha Psi Foundation in hopes of giving back the invaluable experiences she gained as a brother of Alpha Psi. Jamie is always looking for new opportunities, and believes the fraternity offered the experiences and resources she needed to become the successful leader and brother she is now. "Winning the Rowland award was amazing. Even though the fraternity helped me personally, my real goal was to always try and do what I could to show AAE and just always be there for brothers. The award was just something that helped me see that I really might've been able to make a difference for some brothers and for the chapter and that's all I ever wanted to do." (Jamie Encarnacion). Jamie's success is a story we want to hear from all brothers as they pass to alumni status, and her accomplishments are something every brother of Alpha Psi is proud of. Once again, congratulations to Jamie and best of luck to what the future has in store for her!
