**The following is a comment from an Alpha Psi delegate after attending the 2011 Grand Council in Buffalo, NY, funded by a matching grant from the Foundation.**

Past WCC Vivian Lee-- Attending the Executive Track of the Officer Training Course, I learned the protocol of planning a successful chapter retreat as well as supplementing chapter meetings. I received examples of how to manage the chapter from WCCs of other chapters, and was given the chapter operations manual, which I did not know existed.

During the Officer Training Course, I was also able to review the risk management policy and come up with ideas for responsible and appropriate social events. All in all, I found the courses to be quite beneficial, and will definitely take a lot of the suggestions into play this upcoming year.

**Excerpts' from Daniel Salas Thank You letter,**  
winner of the Gerald A Miller Award:

Over the past year I have had the opportunity to serve as the WVC of Alpha Psi. It has been a very rewarding experience that has helped me develop in ways simply not afforded by the standard pharmacy school curriculum. As a pre-pharmacy student during my undergraduate years at Pacific, my primary focus was always academics. Slowly I began to realize that grades weren't everything. I found that developing relationships with others, and getting involved in leadership were just as important. PDC has given me the opportunity to do both, and to grow into a well-rounded student. I would like to sincerely thank the APESLF and the Board of Directors as well as all of the generous alumni donors. It is truly a blessing to be part of such a supportive organization.
