Mike Conner Thank You letter,

Winner of the Rick Friedmann Award and the Helen Rowland Memorial Scholarship

I would like to take the time to introduce myself and express my sincere gratitude toward the APES&L Foundation, including the Board of Directors and all donating members, for supporting and honoring me with the Rick Friedmann Memorial Senior Achievement Award and the Helen Rowland Memorial Scholarship during graduation weekend. My family, including my grandmother from South Korea, was teemed with joy and pride when I received these awards.

Unknowingly at the time, I began to develop my leadership skills through the hardships that my family faced during my youth. As the oldest son and grandson, I had an obligation to my elders as well as my younger siblings; Jeannie, John, and Yoon. As I progressed through my academic career, I began challenging myself with new leadership roles. I had the honor and opportunity to serve as Worthy Inner Guard and Worthy Master at Arms, leadership roles within my new family of brothers. This is where I experienced my greatest leaps and learned first-hand that leaders are made; not born. They are ordinary people with extraordinary determination to influence, develop and serve others. Phi Delta Chi taught me values that I never learned growing up; values that I took with me during my term as APhA-ASP VP of Student Affairs and Vice President of Phi Lambda Sigma Leadership Society. Because of PDC and its leadership thought brother/alumni support and mentorship, I was better equipped to serve my colleagues and will be more prepared for my last internship at CPhA and possible administrative position near the Porterville area.. For this, I am truly blessed and thankful.

I have to share one more thought. During my administration rotation at Children's Hospital Central California, I learned the key to a truly successful organization: great succession planning. That being said, thank you for all your support throughout my years at Pacific. I feel tremendous pride and gratitude for being a part of an organization that has invested so much into supporting and developing future pharmacy leaders. I look forward to joining all of you in giving back to our fraternity and school.
