## Testimonials

Some of you may think that you're just one person, and that your contributions won't make a difference, but these brothers felt that contributing to the Foundation was worthwhile.

When asked,

"Why did you donate to the APES&L Foundation?," these are the responses we received.

*"The Foundation helped me fund my trip to LDS (Leader Development Seminar), so I want to help pay it forward. I want a brother to have the same opportunity to travel, learn and grow as I did!"*

– Nathan Wong, 2014

*"I wanted to give back to the fraternity. It has been one of my pillars to success. It has also provided me with lifelong friendships with brothers that I will never forget. Lastly, I wanted to help the active brothers to succeed."- An Chun Kwan- 2009*

*"The frat has given me some of the best years of my life- it's the least I could do."- Cynric Cho, 2012*

*"I did not stay in Pharmacy- I chose a different career. However, the frat and Ralph Saroyan in particular, were an important part of my life. How could somebody NOT be supportive of the foundation- even if it is only \$10 per month."*

-Dan Flores, 1979

*"I got a lot of help as an active and felt like anything I could do to return the favor would be the least I could do. I don't often get the opportunity to return to Stockton to show my support in person. Scholarships are a great boost to one's self esteem to make it through the rough times pharmacy school has to offer. Hopefully, my contributions can provide future actives with necessary motivation (and cash money) to get by.*

*Also, it's a good place to hide my money from the Feds." – Honest Dang, 2009*
