Career Objective

- My objective as an aspiring pharmacist is to provide high-quality care and improve patient outcomes, specifically in the pediatric population. I intend to leverage my expanding clinical knowledge with compassionate care to support the unique needs of children and their families, ensuring safe and effective medication use. Through continued professional growth and collaboration with multidisciplinary teams, I aspire to make a meaningful impact in the lives of my patients and contribute to advancing pediatric pharmacy practices.

If you are in need of financial assistance, describe the circumstances that contribute to this need.

- I am seeking financial assistance due to significant student loan debt incurred while pursuing my Doctor of Pharmacy degree. The costs of tuition and related expenses have led to a substantial financial burden. As I approach graduation, this debt will be a considerable financial challenge. Any support would greatly alleviate this pressure and help me focus on my career transition.
